

# Proposal for Lizard Sculpture

David and Goliath-Dinosaur sculpture, Putney, Vermont 1990

Approximate dimensions for Lizard Sculpture:

25 – 30 ft. in length

8 - 10 ft. in width

3 – 5 ft. in height

This sculpture creation would be advertised as an Artist in Residence program thus creating new opportunities for a sustained and enhanced visitor experience.

Fee Schedule: Lizard Sculpture, \$45,000. This proposal includes shipping, creation, installation and per diem for 1 month as artist in residence.

The artist will pre-create the armature structure prior to arrival at the Garden.

Then use local tropical materials (found forest materials) to create the finished sculpture.

The sculpture will remain the property of the Client. It is acknowledged that the sculpture is a work of art made from natural materials and as such is subject to the gradual deterioration for which the artist is not responsible.
